

PERSHING 62  
SOFIA

# PERSHING 62

---

## General Information

---

The Pershing 62 has a unique design, with easily recognizable lines and distinguished by its characteristic sportiness and elegance. Sofia will make you enjoy the sun, speed and unforgettable moments. The different areas and their configuration make the Pershing 62 a very versatile and unique yacht.

Outside, Sofia stands out for being a spacious boat, with diaphanous and well distributed areas. The stern platform, which precedes a large solarium, is an ideal area also for sunbathing or resting on the teak after a swim. In the bow it has another generous solarium that offers a great place to enjoy the sun while sailing or anchored. If we want to relax in the stern, we can turn it into a pleasant sitting area as the solarium houses underneath a comfortable table. We can also cover the area with with an awning in case we want to be protected from the sun.

The interior of Sofia is bright and luminous thanks to its large windows and the folding glass at the stern, which opens the living room to the exterior. By sliding the hard top we can fill the entire area with even more light. The interior teak floor that matches with the exterior gives us the sensation of being in a fun motorboat only that of great length. Sofia can comfortably accommodate six guests in a spacious master cabin equipped with a desk / dresser and a generous bathroom, a very spacious VIP cabin and a cabin with two twin beds, both with separate bathrooms.
