HANSTAIGER X1

HANSTAIGER X1

Overview

The X1 is revolutionary an exceptional trimaran yacht. Its luxurious interiors filled with natural light, a 70m2 lounge that opens to the sea, a stunning full equipped flybridge along with the of set the sails at a touch of a button to be able to enjoy your cruise with no noise, make this boat truly unique.

The interior of the X1 is designed to feel like you are in a luxury home. Natural light fills all areas of the boat, thanks to the glass roof structure and oversized lateral windows. The X1 has one of the largest glass-to-structure ratios in the industry. In order to help regulate internal temperatures and ensure privacy, windows come equipped with smart glass technology allowing adjustment and dimming of sunlight passing through into interior of the boat. Thanks also to its massive 50kw Lithium battery system and the power to run the boat for hours without resorting to the generator, guest can enjoy their time onboard with no noise at all.

There are no narrow corridors or maze-like internal structures; the layout is designed to feel open and easy to move around in. The X1 offers a 76m2 lounge area that can be opened and converts into a beach club with an additional 25m2 of deck and swimming platform extensions. It has a big sofa area and a wonderful dining area with two great and comfortable adjustable electric armchairs that can rotate to enjoy the sea view.

The owner's cabin, situated at the front of the main hull, with over 30m2, is something never seen in any other yacht. The sea views from the bed are just unique. All the glass roof and windows come equipped with smart glass technology allowing adjustment and dimming of sunlight passing through into the interior. The owner´s cabin is divided into three levels. The higher level has a 1.7m wide x 2m long bed and an aft office. In the middle level there is a bathroom with dual sinks, a dressing table, a hydromassage cabin and sauna. On the lower level, there is access to a large glass dressing room with a central corridor and LED lighting where the independent WC is also located.

The Port Cabin has a central bed of 1.6m wide x 2m long, oriented towards the side windows while the Starboard cabin has unique first-class duo of reclining beds with roll-up TV and a separate dressing room with private shower. There is an extra cabin with a single bed.

The flybridge, of 50 m2, has lounge chairs, sun beds and chill-out sofas, a great glass jacuzzi tub, a T-barbeque area and a large central table for 10 guests.
